September 23, 2002

Charles Clark
Real Estate Commissioner
Georgia Real Estate Appraisers Board
Suite 1000

Atlanta, GA 30303-1605

Dear Mr. Clark:

Thank you for your August 9th letter regarding the Appraisal Subcommittee's ("ASC") decision to add to the National Registry database a field to reflect an appraiser's conformance with Appraiser Qualifications Board Criteria. After reviewing and discussing your comments at its September meeting, the ASC determined not to change its decision to add the new field. The ASC continues to believe that, by providing additional factual information, this new field will assist users of appraisal services in making more fully informed employment and assignment decisions.

Thank you again for your input. We appreciate your interest in ASC activities.

Sincerely,

Ben Henson
Executive Director
