Dear Mr. Stirman:

Thank you for providing us a copy of your November 1, 2004 Notice of Intent to amend Chapter 10, Title 600 of the Oklahoma Administrative Code, which was included in the November 2004 issue of the *Oklahoma Real Estate Appraiser Board Newsletter*. The proposals, in part, would incorporate by reference the Appraiser Qualifications Criteria and Uniform Standards of Professional Appraisal Practice, clarify the relationship between trainees and their supervisors, and make other technical changes. We have reviewed those proposals and have no comments.

Please contact us if you have any questions.

Sincerely,

Ben Henson
Executive Director
