Dear Mr. Weinberg,

My name is [DELETION], I am an appraiser practicing in Puerto Rico. As stated before, I have encountered many problems in obtaining the general certification. I am pending decision from the Board of Real Estate Appraiser Examiners of Puerto Rico regarding my request for General Certified Appraiser in this state or territory.

I have been turned down a few times by this board to become a certified appraiser since August 2002. I just keep applying with better material each time. Currently, I am waiting on the last round of application dated back to almost a year(August 2003).

Having introduced my identity for the record and my problem., I am writing this letter to notify the Appraisal Subcommittee my interest to obtain any State Field Review and its correspondence since January 2004 to the present.
