## REAL ESTATE APPRAISAL BOARD

KATHLEEN SEBELIUS, GOVERNOR

September 19, 2005

Mr. Ben Henson, Director  
Appraisal Subcommittee  
Federal Financial Institutions Examination Council  
2000 K Street, NW, Suite 310

SEP 22 2005

Dear Mr. Henson:

The Kansas Real Estate Appraisal Board is in receipt of your letter dated August 22, 2005 in response to the Board regarding the result of the March 17-18, 2005 Appraisal Subcommittee Field Review of the Kansas Appraiser Certification Program.

On September 12, 2005, the Board notified each of the appraisers who were issued certifications when the examination date was not in compliance with the AQB. However, due to the fact that these appraisers were not aware of the situation until recently, the Board is requesting additional time to allow the appraisers to re-take and pass the examination. Therefore, the Board is requesting additional time until January 1, 2008.

The second issue of concern is Board members receiving continuing education credit for participation at meetings. The regulations relating to this are currently being revised to reflect the limit of one Board meeting per renewal cycle.

The third Issue of concern is amending regulations concerning ACE credit and experience for teaching. While the Board has never granted experience credit for teaching, the Board agreed to amend the current regulations to reflect this. The same applies to the ACE Credit issue. We are currently in the process of amending the regulations. Drafts of both will be forwarded to the ASC prior to completion for review along with the changes to meet the 2008 criteria.

At this time Ms. Nohe has not received a response to her letter so that matter is not addressed in this letter.

Sincerely,

Sally Pritchett  
On behalf of the Kansas Real Estate Appraisal Board
