RE: ASC Compliance Review of New Hampshire's Appraiser Regulatory Program

Dear Deanna E. Jurius:

The Appraisal Subcommittee (ASC) staff conducted an ASC Compliance Review (Review) of the New Hampshire appraiser regulatory program (Appraiser Program) on August 6-8, 2024, to determine the Appraiser Program's compliance with Title XI of the Financial Institutions Reform, Recovery, and Enforcement Act of 1989, as amended.¹

The ASC considered the preliminary results of the Review and the State's response to those results. The Appraiser Program is given an ASC Finding of "Not Satisfactory." The final ASC Compliance Review Report (Report) of the New Hampshire Appraiser Program is attached.

The ASC identified the following areas of non-compliance:

- States must, at a minimum, adopt and/or implement all relevant AQB Criteria.²
- State requirements for trainee appraisers and supervisory appraisers must meet or exceed the AQB Criteria.³
- States must issue temporary practice permits within five business days of receipt of a completed application or notify the applicant and document the file as to the circumstances justifying delay or other action;⁴
- States must reconcile and pay registry invoices in a timely manner;⁵
- States must ensure the accuracy of all data submitted to the Appraiser Registry;⁶
- States must ensure the accuracy of all data submitted to the Appraiser Registry;⁷

¹ 12 U.S.C. §§ 3331-3356.

² 12 U.S.C. § 3345; 12 U.S.C. § 3347; Policy Statement 1 C, D.

³ 12 U.S.C. § 3345; 12 U.S.C. § 3347; Policy Statement 1 C.

⁴ 12 U.S.C. § 3351; Policy Statement 2 B.

⁵ 12 U.S.C. § 3347; 12 U.S.C. § 3338; Policy Statement 3 B.

⁶ 12 U.S.C. § 3347; Policy Statement 3 A, D.

⁷ 12 U.S.C. § 3347; Policy Statement 3 A, D.

- States must maintain adequate documentation to support verification of all claimed education;⁸
- States must use a reliable means of validating appraiser experience claimed on all initial or upgrade applications for appraiser credentialing;⁹
- States must ensure that appraiser education courses are consistent with AQB Criteria;¹⁰
- States must track all complaints on a complaint log containing the required information;¹¹ and
- States must maintain relevant documentation to enable understanding of the facts and determinations in the matter and the reasons for those determinations.¹²

The ASC recognizes that the State has undergone significant restructuring and experienced considerable turnover since the last Compliance Review. In addition, the State has taken steps to modify its practices and procedures to address areas of non-compliance moving forward.

For example, the State has promised to pursue an amendment to their statutes to address the deficiencies noted regarding the need to adopt and implement all relevant AQB Criteria regarding continuing education requirements and requirements related to trainee appraisers and supervisory appraisers.

The State informs that a regulation that permitted licensure by operation of law has since been amended to exempt licensing conducted by the State Appraiser Program from this provision. This is significant as this regulation and its effect led to the issuance of a credential without the appropriate documentation supporting that the applicant met all requirements.

In addition, the State recognized and immediately implemented changes in tracking Temporary Practice Permits and provides appropriate documentation, timely communication with applicants, and other safeguards to ensure timely issuance. The State also reports that it has already made changes to its verification processes and procedures to ensure that accurate information is submitted to the Appraiser Registry, as well as pointing to a more transparent and thoughtful process of approving continuing and qualifying education to ensure that course approvals are based upon appropriate content that supports alignment with AQB Criteria.

The meaningful steps above, combined with the ASC staff's increased monitoring and follow-up, will allow the opportunity and cooperative effort necessary to address the remaining areas of non-compliance cited in the Compliance Review Report. ASC Staff priorities will include verifying that the steps taken by the State and those actions underway promote the State's overall compliance with Title XI as evaluated based on the ASC Policy Statements.

After notifying the State, ASC staff will conduct a Follow-up Review to confirm that appropriate corrective actions have been taken. New Hampshire will be moved to a one-year Review Cycle.

⁹ 12 U.S.C. § 3347; Policy Statement 4 D.

¹⁰ 12 U.S.C. § 3345; 12 U.S.C. § 3347; Policy Statement 6 A.

¹¹ 12 U.S.C. § 3347; Policy Statement 7 B.

¹² 12 U.S.C. § 3347; Policy Statement 7 B.

Sincerely,

Luke H. Brown

ASC State Appraiser Program Compliance Review Report

ASC Finding: Not Satisfactory

New Hampshire Appraiser Regulatory Program (State)			
New Hampshire Real Estate Appraiser Board	PM: T. Lewis	ASC Compliance Review Date: August 06-08, 2024	Review Period: July 2022 to June 2024
Umbrella Agency: Office of Professional Licensure and Certification		Number of State Credentialed Appraisers on Appraiser Registry: 672	Review Cycle: One Year

Applicable Federal Citations	Compliance (YES/NO) Areas of Concern (AC)			ASC Staff Observations	State Response	Required/Recommended State Actions	General Comments
	YES	NO	AC				
Statutes, Regulations, Policies and Procedures:		X					
States must, at a minimum, adopt and/or implement all relevant AQB Criteria. (12 U.S.C. § 3345; 12 U.S.C. § 3347; Policy Statement 1 C, D.)				The AQB Criteria provides that up to 1/2 of an appraiser's Continuing Education (CE) requirement may be granted for participation, other than as a student, in such activities as teaching or authoring a textbook. The State's statute is inconsistent with this requirement and does not limit the amount of CE that may be acquired from these types of activities.	On November 21, 2024, the State reported that Administrative Rule Rab 403.03(b) implements the referenced AQB criteria. The State noted, "Rules and regulations promulgated by administrative agencies pursuant to a valid delegation of authority have the force and effect of laws." The State, therefore, notes that because the administrative rule is a valid, enforceable rule with the effect of law that cannot be waived, it respectfully asks for reconsideration of the preliminary indication that it was not in compliance.	The State must amend its Statute to bring it into compliance with AQB Criteria and provide ASC staff with a copy once finalized.	During the next Compliance Review, ASC staff will pay particular attention to this area for compliance.
Statutes, Regulations, Policies and Procedures (continued):		X					
State requirements for trainee appraisers and supervisory appraisers must meet or exceed the AQB Criteria. (12 U.S.C. § 3345; 12 U.S.C. § 3347; Policy Statement 1 C.)				The AQB Criteria require Supervisory Appraisers not to have been subject to any disciplinary action within any jurisdiction within the 3 years prior to Supervisory Appraiser approval. The State provides for only 2 years, which is inconsistent with this requirement.	On November 21, 2024, the State reported that its administrative rules require that a supervisor must be in good standing for the preceding 3 years in any jurisdiction in which he or she holds licensure or certification. Here again the State considers the administrative rule a valid, enforceable rule with the effect of law that cannot be waived.	The State must amend its Statute to bring it into compliance with AQB Criteria and provide ASC staff with a copy once finalized.	During the next Compliance Review, ASC staff will pay particular attention to this area for compliance.

States must issue temporary practice permits within five business days of receipt of a completed application or notify the applicant and document the file as to the circumstances justifying delay or other action. (12 U.S.C. § 3351; Policy Statement 2 B.)				The State failed to process 7 requests for temporary practice permits within 5 business days of receipt of a completed application.	On November 21, 2024, the State reported it had addressed this situation by adjusting its policies and practices, including maintaining timely communication with applicants and ensuring appropriate file documentation.	The State must monitor its new processes to ensure temporary practice permits are issued within 5 business days of receipt of a complete application.	During the next Compliance Review, ASC staff will pay particular attention to this area for compliance.

States must ensure that staff authorization information provided to the ASC is updated and accurate. (12 U.S.C. § 3338; 12 U.S.C. § 3347; Policy Statement 3 A, C.)				The State failed to notify the ASC to inactivate 3 individuals' Registry access.	On November 21, 2024, the State reported that staff turnover resulted in a failure to comply during the period under review. Before the Compliance Review, the State updated the list of authorized users and provided an internal policy to ensure compliance going forward.	The State should monitor the new internal process to ensure that the authorization information provided to the ASC is updated and accurate.	During the next Compliance Review, ASC staff will pay particular attention to this area for compliance.

States must reconcile and pay registry invoices in a timely manner. (12 U.S.C. § 3347; 12 U.S.C. § 3338; Policy Statement 3 B.) On November 21, 2024, the State reported that an invoice tracking spreadsheet was implemented to ensure no past-due invoices are missed.	The State must monitor its new process of reconciling National Registry invoices to ensure payment in a timely manner.	Through off-site monitoring and during the next Compliance Review, ASC staff will pay particular attention to this area for compliance.

On November 21, 2024, the State reported that at the time these 2 appraisers were renewed, their license system was not in place and that the appraisers in question were renewed without meeting the CE requirements. RE: Appraisal Subcommittee Staff Follow-Up Review of New Hampshire's Appraiser Regulatory Program

Dear Deanna E. Jurius:

Thank you for your cooperation and your staff's assistance in the February 13, 2026, Appraisal Subcommittee (ASC) Follow-up Review of the New Hampshire appraiser regulatory program (Appraiser Program). This was a Follow-up Review of the August 6-8, 2024, ASC Compliance Review of the New Hampshire Appraiser Program.

As detailed in the attached Follow-up Report (Report), New Hampshire made progress in 11 of the 12 non-compliance concerns identified in the June 18, 2025, Appraiser Program Report. In addition, New Hampshire addressed recommended and required actions identified in the August 2024 Compliance Review Report to strengthen the Program. The Follow-Up Review notes that New Hampshire made considerable progress toward compliance in the following areas:

- The State amended its process to maintain timely communication with applicants, ensure proper file documentation, and timely issuance;
- The State implemented an internal process to ensure that National Registry authorization information provided to the ASC is updated and accurate;
- The State implemented a process of reconciling National Registry invoices to ensure payment in a timely manner;
- The State implemented a policy to ensure and require timely review and processing of all licensing applications and compliance with agency policies and administrative rules, which include the AQB Criteria;
- The State confirmed to ASC staff that 2 appraisers who did not originally appear to meet all the requisite continuing education (CE) did, in fact, meet the required CE requirements;
- The State adopted written policies and procedures to ensure applicants have completed all CE hours consistent with the AQB Criteria;
- The State revised the process to ensure all courses approved are compliant with AQB Criteria; and

- The State developed an internal process and log to track complaints through the Division of Enforcement Agency.

The State, however, remains noncompliant in the following areas:

- Continue the process of amending its Statutes to bring them into compliance with AQB Criteria and provide ASC staff with a copy once finalized;
- Within 30 days, adopt written policies and procedures that ensure the accuracy of all data submitted to the National Registry; and
- Continue the process of reducing the backlog of aged complaints. The State must submit complaint logs and provide updates on its progress to ASC staff quarterly.

ASC staff will work with the State on the requirements for the complaint logs and will confirm appropriate corrective actions have been taken through off-site monitoring and during the next Review. Again, we commend the New Hampshire Appraiser Program for its efforts and the progress made.

This letter and the attached Follow-up Report are public record and available on the ASC website in accordance with the Freedom of Information Act. Please contact us if you have any questions.

Sincerely,

Frederick Grier

States must ensure that staff authorization information provided to the ASC is updated and accurate. (12 U.S.C. § 3338; 12 U.S.C. § 3347; Policy Statement 3 A, C.)				The State should monitor the new internal process to ensure that the authorization information provided to the ASC is updated and accurate.	Effective August 21, 2025, the State implemented an Internal Policy and Procedure measure to ensure that designated users for the National Registry is accurate, and that the ASC is notified promptly of any changes to the designated users. ASC staff reviewed the Internal Policy and Procedure provided by the State.	Further Required Actions: None Comments: During the next Compliance Review, ASC staff will pay particular attention to this area for compliance.

States must reconcile and pay registry invoices in a timely manner. (12 U.S.C. § 3347; 12 U.S.C. § 3338; Policy Statement 3 B.)				The State must monitor its new process of reconciling National Registry invoices to ensure payment in a timely manner.	The invoice tracking spreadsheet implemented after the 2024 Compliance Review has been effective in facilitating timely invoice payments. The Follow-Up Review found no instances of delinquency.	Further Required Actions: None Comments: The State addressed the concern.

States must ensure the accuracy of all data submitted to the Appraiser Registry. (12 U.S.C. § 3347; Policy Statement 3 A, D.)				Within 60 days, the State must adopt written policies and procedures that ensure the accuracy of all data submitted to the National Registry.	Although the State did not provide the written policies and procedures as required, ASC staff examined both initial and renewal applications for appraiser licensure, issued since the last Review, and found no instances of inaccurate data being submitted to the National Registry.	Further Required Actions: Within 30 days, the State must adopt written policies and procedures that ensure the accuracy of all data submitted to the National Registry. National Registry (continued):	X					
States must ensure the accuracy of all data submitted to the Appraiser Registry. (12 U.S.C. § 3347; Policy Statement 3 A, D.)				Within 60 days, the State must provide ASC staff with a copy of its new policy to ensure timely review and processing of all licensing applications.	Effective September 10, 2025, the State implemented an Internal Policy and Procedure designed to ensure that licensing staff consistently monitor application processing timeframes and adhere to agency policies and administrative rules. This policy reflects the amendment to RSA 541 A:29 a, which previously permitted the issuance of a license when no action was taken within 60 days of receiving an application. The amended rule now exempts State conducted licensing from this provision and requires licensing staff to ensure compliance with agency policies and administrative rules, which include the AQB Criteria. ASC staff reviewed the Internal Policy and Procedure provided by the State. ASC staff examined both initial and renewal applications for appraiser licensure issued since the last Review and found no instances of delay or lack of documentation.	Further Required Actions: None Comments: During the next Compliance Review, ASC staff will pay particular attention to this area for compliance.
