

November 20, 2017

FFIEC ASC James R. Park, ASC Executive Director 1401 H. Street N.W. Suite 760 Washington, DC 20005 (202) 595-7575

Mr. Park,

Please consider this letter as TriStar Bank's official request to receive a one-year waiver of the appraisal regulation's requirements to utilize a certified appraiser for loan requests from January 1 to December 31 for the entire year of 2018. This request is based on Section 1119(b) of Title XI of the FIRREA of 1989. This request is specific for appraisals completed within the Nashville MSA during this period of time. We serve loan clients mostly in Dickson, Maury, Williamson and Davidson counties, but the availability of appraisers is an issue in the entire market. There is only one general certified appraiser in the county of Dickson, our headquarters. The demand is so great in the Nashville MSA area that we are having a difficult time receiving appraisals in a reasonable amount of time. The time delay and added cost is negatively impacting our clients.

We reviewed our appraisal logs in 2013 and in 2017 to determine the trend of pricing and timeliness of appraisals/evaluations during each year. Since 2013, the logs reflect an average increase of 82% in wait time to receive commercial appraisals/evaluations. During that time, the average cost to our clients for commercial appraisals/evaluations has increased 23%. The cost of time and money is putting pressure on our clients' ability to find value in our work. We believe that the new requirements to become a certified general appraiser are not producing enough qualified appraisers in the market. A current appraiser has little motivation to train someone that he or she will have to compete against in the future or the time to commit to train an apprentice during this time of tremendous growth.

We have a senior banking officer who has taken all the necessary schooling but has not had the opportunity to work with an appraiser to get the large number of appraisal samples completed. We believe we can continue to maintain a strong credit quality and arrive at a better independent fair value on properties by utilizing one of three options:

- 1. Obtain an estimated value from a realtor, selected from a small group of trusted realtors who are not involved in the property or transaction, and have our senior officer validate the value; or,
- 2. Obtain an evaluation from the Clarity Appraisal Management and then have our senior officer validate the value; or,
- 3. Our senior officer will research comparable sales from the local MLS data to determine the appropriate value.

We reserve the right to take the delayed process and have our client pay the high cost of a certified appraisal on unique or unusual properties. We would like to discuss how your approval of this waiver will be communicated to both of our regulatory agencies, the Tennessee Department of Financial Institutions and the Federal Deposit Insurance Corporation, and what coverage for Part 323 violations that the waiver will provide during the waiver term. Thank you for your consideration, we look forward to discussing this request with you soon.

Sincerely,

In H. Uhlliam

Ted H. Williams President and CEO

cc. Arthur Lindo, Senior Associate Director Board of Governors of the Federal Reserve System

> Greg Gonzales, Commissioner Tennessee Department of Financial Institutions

January 10, 2018

FFIEC ASC James R. Park, ASC Executive Director 1401 H. Street N.W. Suite 760 Washington, D.C. 20005 (202) 595-7575

Mr. Park,

This letter represents my effort to address the additional details requested in your letter dated November 30, 2017. This waiver request is for commercial appraisals provided by a general certified real estate appraiser.

- A. The Tennessee Law for appraisals is Code 62-39: 103-106 (attached).
- B. A description of the significant problems.
 - 1. Because of the requirement that the current general certified appraisers are the only inlet to create more general certified appraisers, we are not getting any new growth in the number of general certified appraisers in our market area. A listing of the general certified appraisers in the five most utilized counties in the state of Tennessee, used by our bank is attached in Exhibit 1. This list shows that since 2010, there have been only ten new appraisers added. None have been added in the last thirty months. These five counties have a total population of 1,069,546. Middle Tennessee has experienced tremendous growth since 2010 in every way, except in additional appraisers. We request a pilot waiver of the requirements for certificate granting to generate interest in the appraiser profession.
 - 2. The current education and work requirements for general certified appraisers does not guarantee the quality of their work. The regulatory reason to obtain an appraisal for a loan is to determine an appropriate value for the loan balances of banks. The quality level of attaining appropriate values on real estate has not improved since the appraisal regulation has been put into place. We are receiving approximately the same number of inaccurate values from appraisers today as we received 10 years ago.
 - 3. Being required to get a new appraisal at loan renewal is not valuable to the customer and slows the closing time for our clients. Our employees are vested in the performance and well-being of the bank and have a solid understanding of the value of the property.

719 East College Street • Dickson, TN 37055 • Phone: 615.446.7100 • Fax: 615.740.8381 • www.TriStar.Bank NMLS #469326

Having the regulators make this decision for us is overreaching. It is good to consider if we need an update, but that should be our decision. We request to have a waiver on this requirement. This would help reduce the stress on the appraisal demand in our market.

- 4. We believe the transaction limits that require general certified appraisers are too low, and banks should have the authority to decide how to obtain the value on a loan request of one million dollars or less.
- C. The scarcity of appraisers is shown in the list of appraisers in the five counties we mostly serve. Exhibit 2 shows the list by county. This list must serve the needs of over one million people.
- D. The delays experienced are summarized in Exhibit 3. Exhibit 3 is the summary and detail of our internal appraisal request log. This report clearly shows commercial appraisals/evaluations have increased 78.51% in average cost over the last four years, and it is taking twice as long to receive them compared to 2013. The more rural counties of Dickson and Maury have larger increases in time and cost. Both of these factors negatively affect our market and our ability to assist our clients.
- E. Our rationale of this request is straightforward. Current regulation and requirements are not allowing a healthy marketplace to obtain independent values. Without new appraisers entering the marketplace, there will be a worsening shortage in the future. The government has restricted competition in the market by limiting growth in the number of appraisers. This can only be fixed by allowing alternate paths of entry for new appraisers. Time delay of delivery and exploding cost is hindering job growth and economic activity. The low dollar amounts that require appraisals and the appraisals being required at renewals have increased the demand on appraisers.

We believe that these issues can only be resolved in a year with a major overhaul to the law. We believe allowing states and certain markets to pilot waivers will help identify a better appraisal marketplace for the country. We do hope that some relief can be achieved in a couple of year's waivers, to assist the state of Tennessee in creating incentive for individuals to enter the appraisal workforce. If the ASC can grant the waivers I have requested, it would make a tremendous impact to our marketplace. Clients will be better served, and safety and soundness will not be comprised.

Sincerely,

7 A N. Walliame

Ted H. Williams President and CEO

Enclosures

Tennessee Appraisal Laws

62-39-103. License or certificate required.

- (a) Except as provided in § 62-39-104, it is unlawful for anyone to solicit an appraisal assignment or to prepare an appraisal or an appraisal report relating to real estate or real property in this state without first obtaining a real estate appraiser's license or certificate.
- (b) This section shall not be construed to apply to individuals who render professional assistance in arriving at a real estate analysis, opinion or conclusion.
- (c) Nothing in this chapter shall be construed to prohibit any person who is licensed to practice in this state under any other law from engaging in the practice for which the person is licensed.

62-39-104. Applicability.

- (a) This chapter does not apply to a real estate broker or salesperson licensed by this state who, in the ordinary course of business, gives an opinion to a potential seller or third party as to the recommended listing price of real estate or an opinion to a potential purchaser or third party as to the recommended purchase price of real estate. This opinion as to the listing price or the purchase price shall not be referred to as an appraisal and no opinion shall be rendered as to the value of the real estate or real property.
- (b) This chapter does not apply to a full-time employee who, in the ordinary course of business, gives an opinion of the value of real estate to the employee's employer; provided, that the opinion may not be represented as an appraisal.
- (c) This chapter shall in no way affect any person who is registered with the state board of equalization in accordance with <u>§ 67-5-1514</u> while performing any service of any nature for any taxpayer before any tax or assessment authority, agency or board of equalization.
- (d) (1) This chapter does not apply to any evaluation of the value of real estate serving as collateral for a loan made by a federally regulated financial institution or to any evaluation of the value of the assets of a trust held by the institution; provided, that:
 - (A) The applicable federal regulator does not require an appraisal by a state-licensed or state-certified appraiser for the loan or trust;
 - **(B)** The evaluation is used solely by the financial institutions in their records to document the collateral or asset value;

- (C) The evaluation shall be labeled on its face "this is not an appraisal"; and
- (D) Individuals performing these evaluations may be compensated for their services.
 - (2) Nothing in this chapter shall prevent a state-licensed or statecertified appraiser from performing the evaluation.

62-39-105. Certification -- Restrictions on use -- Prerequisite to preparing and signing certified appraisal.

- (a) No person other than a state certified real estate appraiser under this chapter shall assume or use that title or any title, designation or abbreviation likely to create the impression of certification as a real estate appraiser by this state.
- (b)
 - (1) Only an individual who has qualified as a state certified real estate appraiser under this chapter is authorized to prepare and sign a certified appraisal report relating to real estate or real property in this state.
 - (2) If an appraisal report is prepared and signed by a state certified real estate appraiser and the appraisal report is certified as such by the state certified real estate appraiser, a holder of a real estate appraiser license or a certificate of registration as a real estate appraiser trainee who assisted in the preparation of the appraisal report is authorized to co-sign the appraisal report.
 - (3) An individual who has not qualified as a state certified real estate appraiser shall not describe nor refer to any appraisal or appraisal report relating to real estate or real property in this state by the terms "certified appraisal" or "certified appraisal report."

62-39-106. State law not to be more stringent than federal law.

No state law regulating real estate appraisers shall be more stringent than any federal law regulating real estate appraisers.
